Dear Mom & Dad,

I just have time for a quick note to let you know I received the cookies and the tape you had sent to London. Both were here on Monday. I just finished listening to both tapes while eating many delicious cookies. They were moist, intact, and very good! I'm sorry, however, that you had to spend so much effort on packing and wrapping.

I enjoyed the tapes very much and will start one myself on Friday. We are out to sea on a big NATO exercise and are scheduled to visit Trieste 5-8 Oct. I plan to meet Vickie in Venice during that period. Thanks for the treat -

Love, Jim
